

# Fire On Demand™

**Unique Fire Pits Fabricated From Recycled Metal**

***Imagine the warmth of a fire without all the work and mess... and danger!***

**Fire On Demand™ Fire Pits** are easy to light, work with either natural gas or propane, and are beautiful to look at. Each log set is custom fabricated from recycled metal, with attention to detail that will astound you, right down to twigs and pine cones.

For more information or to request a complimentary DVD, call or email today!
